Andrew's Drug Store stood at the corner of Main Street and Railroad Avenue from the early 1900's until 1950.

The School and the Community Through the Years

The 1892 student body and teacher shown outside their one-room school located near the intersection of LaVista Road and Lawrenceville Highway.

This building on Railroad Avenue housed Alf Chewning's store and the community's first Post Office. This photo was made about 1900.

G. M. England and son, Junius, operated this store at the LaVista, Chamblee-Tucker intersection. This picture is about 1905.

Dr. W. W. Andrews is pictured below with Mr. Hugh Morgan and Mr. Gill Hudson inside his drug store during the 1930's.

Among the first settlers in the Tucker area, very early in the 1800's, was a young man named Greenville Henderson. He settled on a 3,000 acre grant from the Governor of the State of Georgia. On this land, which encompassed the present site of Tucker, Mr. Henderson developed a profitable whiskey and brandy-making industry. Maintaining his apple and peach orchards and cornfields required the services of over 200 slaves. The closest market for his products was Savannah, almost 300 miles away. Henderson constructed a grist mill and post office at the present intersection of Midvale and Henderson Mill Roads. These stood until the turn of the twentieth century.

Mr. Henderson's domain did not escape the wrath of the Civil War. He reportedly hid gold and food supplies in kettles to prevent their confiscation by Union troops. Union forces under the command of Logan, Garrard, and Lightburn came through Tucker and headed toward Stone Mountain along Fellowship Road in July, 1864. Their objective was to destroy several miles of Georgia Railroad tracks at Stone Mountain. Confederate troops, commanded by Gen. Joseph Wheeler, attempted without success to halt the Union Army. His mission accomplished, Logan withdrew his Union troops from Brownings Courthouse (in Tucker) to Henderson's Mill on the evening of July 18. They wanted to camp near water. The next day they joined other Federal troops near the Midway Baptist Church, located at the present intersection of Briarcliff and Henderson Mill Roads. From here they marched toward Decatur where they engaged in the Battle of Atlanta.

Greenville Henderson died in 1869. His wife, Nancy, died in 1892 at the age of 102. About 30 members of the Henderson family plus a number of their slaves lie buried in a little cemetery just off Henderson Mill Road.

Following the Civil War, times were extremely difficult throughout the South, especially for cotton farmers. In the Browning Community, Greenville Henderson's 3000 acres was, like large plantations all over the South, divided into smaller tracts of land.

The Browning name comes from another family that settled early in this area. One member of the family, Tom Browning, was a prosperous saloon owner of the post-Civil War era. A horse-race track was located on Fellowship Road near his saloon. It is reported that farmers came to the track in the summertime to race their horses and place bets, and just naturally frequented the saloon afterwards. Aside from these two establishments, the Browning Community at this time consisted of about two country stores, a grist mill, a cotton gin, a sawmill, and a government operated still which manufactured peach and apple brandy and corn whiskey. In the last quarter of the nineteenth century, the community consisted of farming people of English, Scotch, and Irish descent who had migrated south after the War. Very poor, and not generally well-educated, these people proved to be quite industrious.

The community's first school was begun in this era, probably in the late 1880's. It was a one-room building near the present intersection of Lawrenceville Highway and LaVista Road. A story which still circulates in the community has it that about 1890 this school committed the then unheard of act of hiring a woman teacher. According to the story, several disgruntled parents founded a second school on Fellowship Road at the site of the Primitive Baptist Church. During these early years the Hon. Mr. Steele, reportedly DeKalb County's first school superintendent, visited the Tucker schools on horseback.

In 1892, the Georgia, Carolina, and Northern Railroad laid a track and constructed a depot at the present site in Tucker. Naturally the train brought the mail to the community, and Mr. A. C. (Alf) Chewning became the town's first Postmaster, a job he held for about 25 years. During his early years as Postmaster he operated the Post Office from his wooden general store on Railroad Avenue. He later moved to a brick

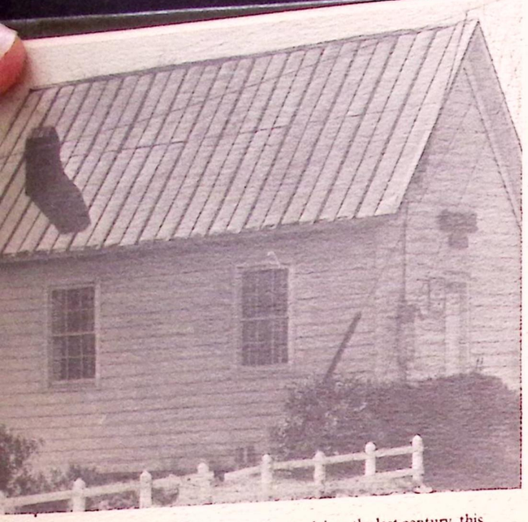
ology,

Built in 1915, this school located on Main Street near the First Baptist Church served the community until 1929.



Originally Browning's Courthouse and dating back into the last century, this building is located on LaVista Road across from the school. The Tucker area is still known as the Browning Voting District.

building on Main Street. In the early 1900's, the railroad was purchased by Seaboard, and the community was officially surveyed and laid out as the town of Tucker in honor of Captain Tucker, an official of the Railroad. (Another story says the town was named for a prosperous farmer who lived in the community.)

Prominent families of the community in 1900 included the Hendersons, Brownings, Chewnings, Englands, Burns, Gozas, and Chestnuts. In addition to Mr. Chewnings's general store and Post Office, George M. England and his son, Junius, operated a dry goods store at the present intersection of LaVista and Chamblee-Tucker Roads. The building, which still stands, is located across the street from Tucker High School, and most recently housed a printing company. Another business in the community in 1900 was a blacksmith shop on Main Street operated by Edwin P. Dunagan.

About 1900, a larger, three-room school building was constructed on Main Street adjacent to the present site of the First Baptist Church. This was an ungraded school, and the level of education extended to approximately the eighth grade. It was a growing community, and the overflow from this building was housed in the nearby Methodist and Congregational Churches.

In 1915, in an effort to improve community education, the citizens of the town cut and sawed their own timber and used the lumber to construct a new, two-story, ante-bellum structure on the former site by the Baptist Church. Soon, it too was over-

annual. A 1937 graduate of Tucker High School was the athletic star A. Z. Johnson, currently our head basketball coach.

About 1940, the school organized and trained its first band. The band made appearances throughout the area. In 1941, Mrs. Helen Hutchens, our present librarian, joined the Tucker High faculty.

Tucker High School, like all American high schools, saw both students and alumni of the school serve with great distinction in the United States Armed Forces in World War II and the Korean War. Mr. A. A. Graves succeeded Mr. Mundy as principal in 1943. During the 1945-46 school year, Mr. DeWitt and Mr. Foster served as principals. Mr. Graves returned in September, 1946, and served until 1951. In 1951, Mr. James F. Goolsby became principal.

By the 1950's the curriculum had again expanded. Three foreign languages, nine science courses, nine math courses, sociology, brary that provided Tucker with its books.

Under the direction of Mr. Carroll and Dr. Flowers, Tucker became one of the superior schools in the area. Certain courses were required for graduation; Tucker graduated its first high school class in 1918. There were also many extracurricular events for the students enjoyment. Field days, including academic and athletic competition, were held with other schools. There was no football team then, but basketball was played on outside courts.

Tucker set out early to make its name known. Dr. Flowers, now living in retirement in Clarkston, reports that in 1922, Tucker

where we remained for two years, winning a State Cross-Country Championship, State Baseball Championship, and several literary awards.

In September, 1965, Mr. Weymon R. Smallwood succeeded Mr. Turpin as principal. In 1966 Tucker High School, with an enrollment of almost 2000, set the state on its ear by moving into AAA competition and winning several literary events, finishing in the top four in football, and winning a second straight State Baseball Championship. In 1967 a part of the Tucker and Lakeside High School districts was used to create Henderson High School. For the first five months of the year, Tucker High School housed over half of the Henderson High student body. Our present building, designed for approximately 2000 students, includes 60 classrooms, a large library, a fine shop facility, a spacious and modern gym, and six well-equipped scientific laboratories.

This is our fiftieth year as a high school. We feel that our age has helped to give us a wisdom and a heritage of which all Tucker High School students, faculty, alumni, and patrons of the community can be quite proud. In academic pursuits, dramatics, art, technology, staff capabilities, facilities, and athletic endeavors, Tucker High School must take a back seat to no one. While we are certain that the students in each and every one of the past fifty years have considered their accomplishments and their enjoyments to be supreme, we are positive that the greatest of all the years is the current one, our fiftieth, 1968.

These shots of the Tucker School and community were made in the mid-1950's.

We take this opportunity to thank Mr. Terry Cullifer for his help, which made this annual possible.

In the three years that we have known you, you have added infinitely to our days at Tucker. You have always demanded the highest standards to insure us of the best education possible. You have been fair both in your requests of us and in the granting of our requests.

Because you have commanded our respect, because you have won our friendship, and because you possess those qualities that we hope to possess as adults, we, the Senior Class, dedicate this '68 annual to you, our principal,

Mr. Weymon R. Smallwood

WELCOME TO TIGER COUNTRY

TUCKER

As we rush toward the future, the past remains behind. The memories that drift upon our minds are so fresh and clear that they are hardly memories yet; but time will dim them.

Now the things we remember are changed, and, being changed, are gone. But when the students look back, they will not see a school dimly lit in the background; they will see a shining light in the past.

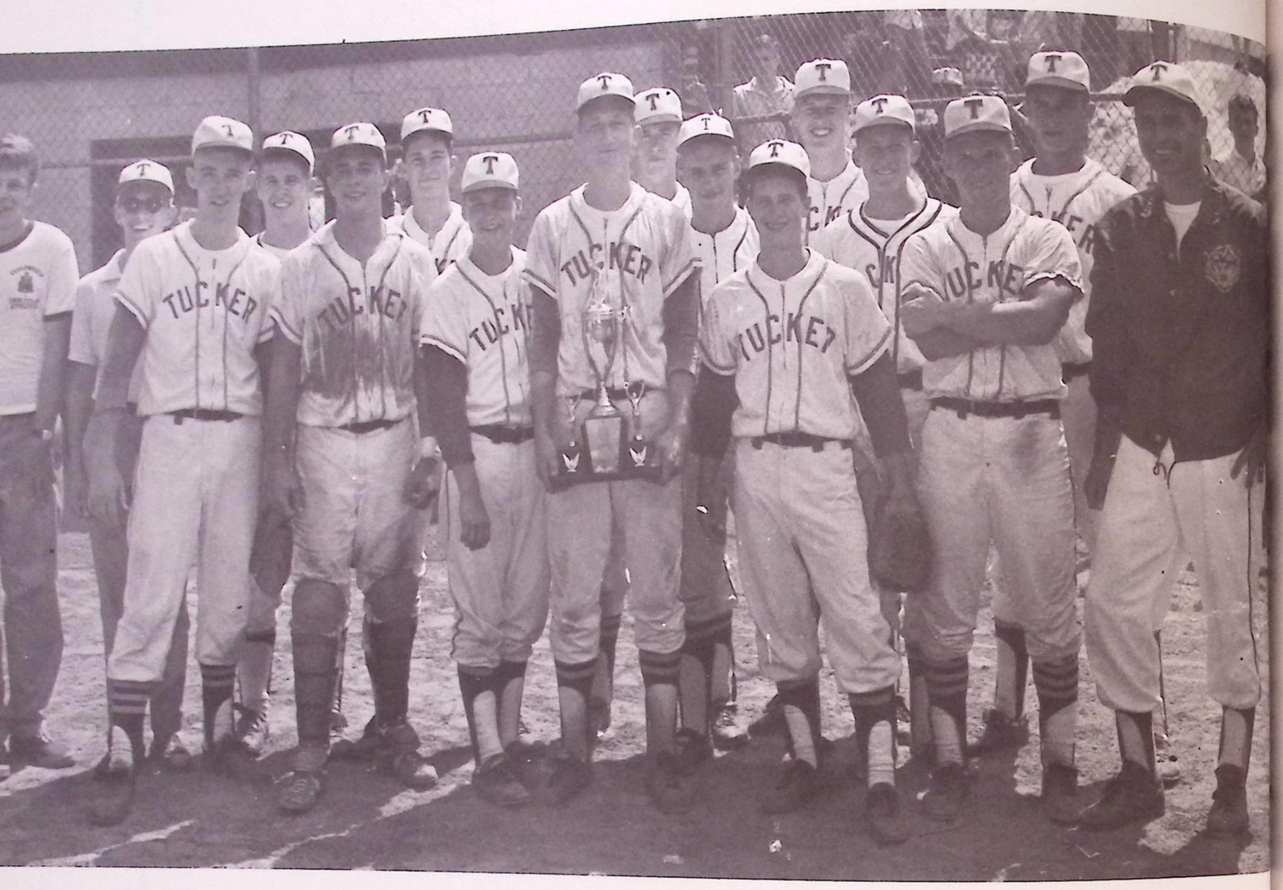
1967 AAA STATE CHAMPS



Tucker Defeats Savannah To Become State "AAA" Baseball Champions

Tucker athletes continue to baffle their opponents, and tickle the home folk.

Last week the Tucker High baseball team did both by beating Savannah to take the triple A State Championship.

Under the incomparable guidance of Tucker High coach Ed Tatum, the Tucker team ended the season with "the most startling record in Tucker history"--a 22 to 2 record and the team's second consecutive state championship.

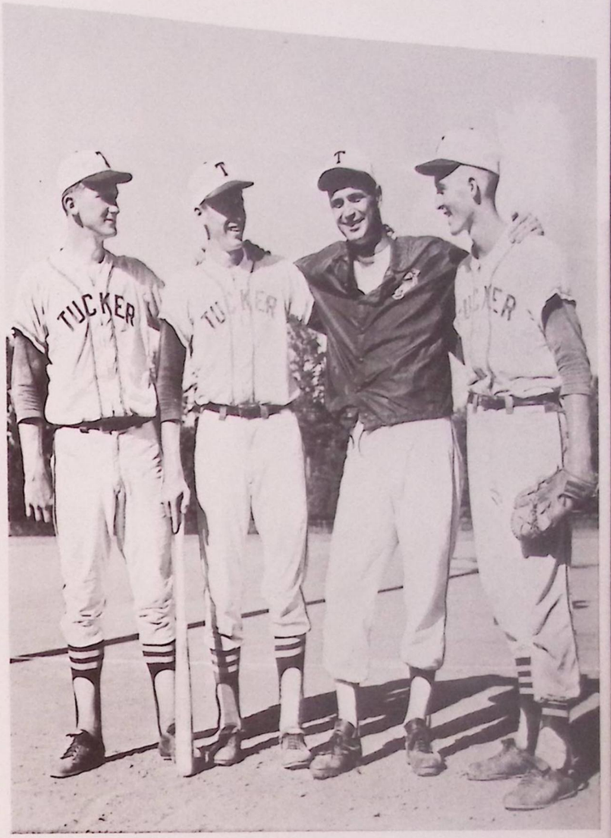
Even more startling is the fact that this was the first year the team had played in the AAA League. Last year Tucker was tops in the AA League.

Leading the local team to the championship sweep were two left-handed pitchers, Larry Wages and Gene Henderson.

Larry won the deciding game with Savannah with his sharp-breaking curve to finish the season with an 8-1 record. Gene had a 13-1 record for the year and just for good measure tapped a couple of homers during the playoffs.

In the parade to the state championship Tucker defeated previously unbeaten Southwest and then bested Lakeside for the region 4-AAA title. In the North Georgia playoff, Tucker defeated Griffin and then went on to take Savannah and the state title.

Members of the championship team are: Gary Hodges, Chuck Mize, Larry Hall, Gene Henderson, Eddie Segars, Larry Wages, Mike Jones, Jack Heffernan, Steve Cash, Ray Whitaker, John McMakin, Phil Payne and Charlie Cash. John George and Tommy Fawbush acted as managers.



Tucker's Tatum Is Coach Of Year

To DeKalb County comes the honor of having the 1967 "Baseball Coach of the Year--State at Large."

Coach Ed A. Tatum, who directed his Tucker High School baseball team -- "Tatum's Tigers"--to the 4-AAA state championship, was selected by ballots of high school coaches throughout the state, members of the GACA (Georgia Athletic Coaches Association).

The Tucker Tigers captured the state championship last year in the AA classification. This season, the team was advanced to the higher classification of AAA, yet won the region title and went on to take the state championship by defeating Savannah High's Blue Jackets two straight games at Tucker in June.

In the semifinal voting, Coach Tatum was amoung 30 outstanding coaches selected in the eight high school regions, and won the statewide title in final balloting. Stephen Norris, baseball coach at Southwest DeKalb High, was named outstanding coach in the 5-AAA group.

Ed Tatum has been on the Tucker High coaching staff seven years. For five years he worked with both baseball and football squads but for the past two years has dealt exclusively with the varsity baseball squads.

He was a baseball and football star at Troy State College (Alabama) and he earned his master's degree in physical education at the University of Alabama. When he first came to DeKalb County, he was head football coach at Clarkston High three years and spent one year at Cross Keys High as varsity track coach and assistant football coach.

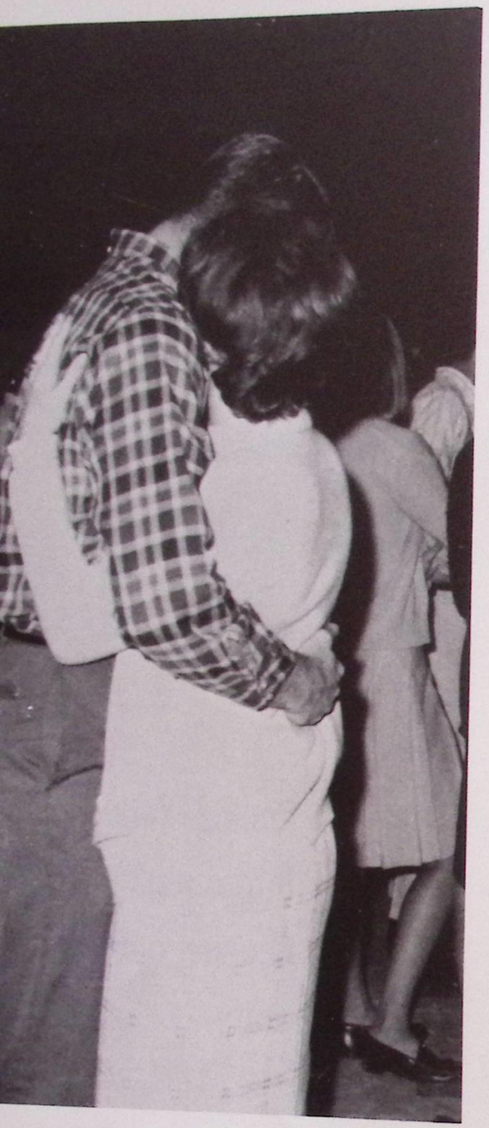
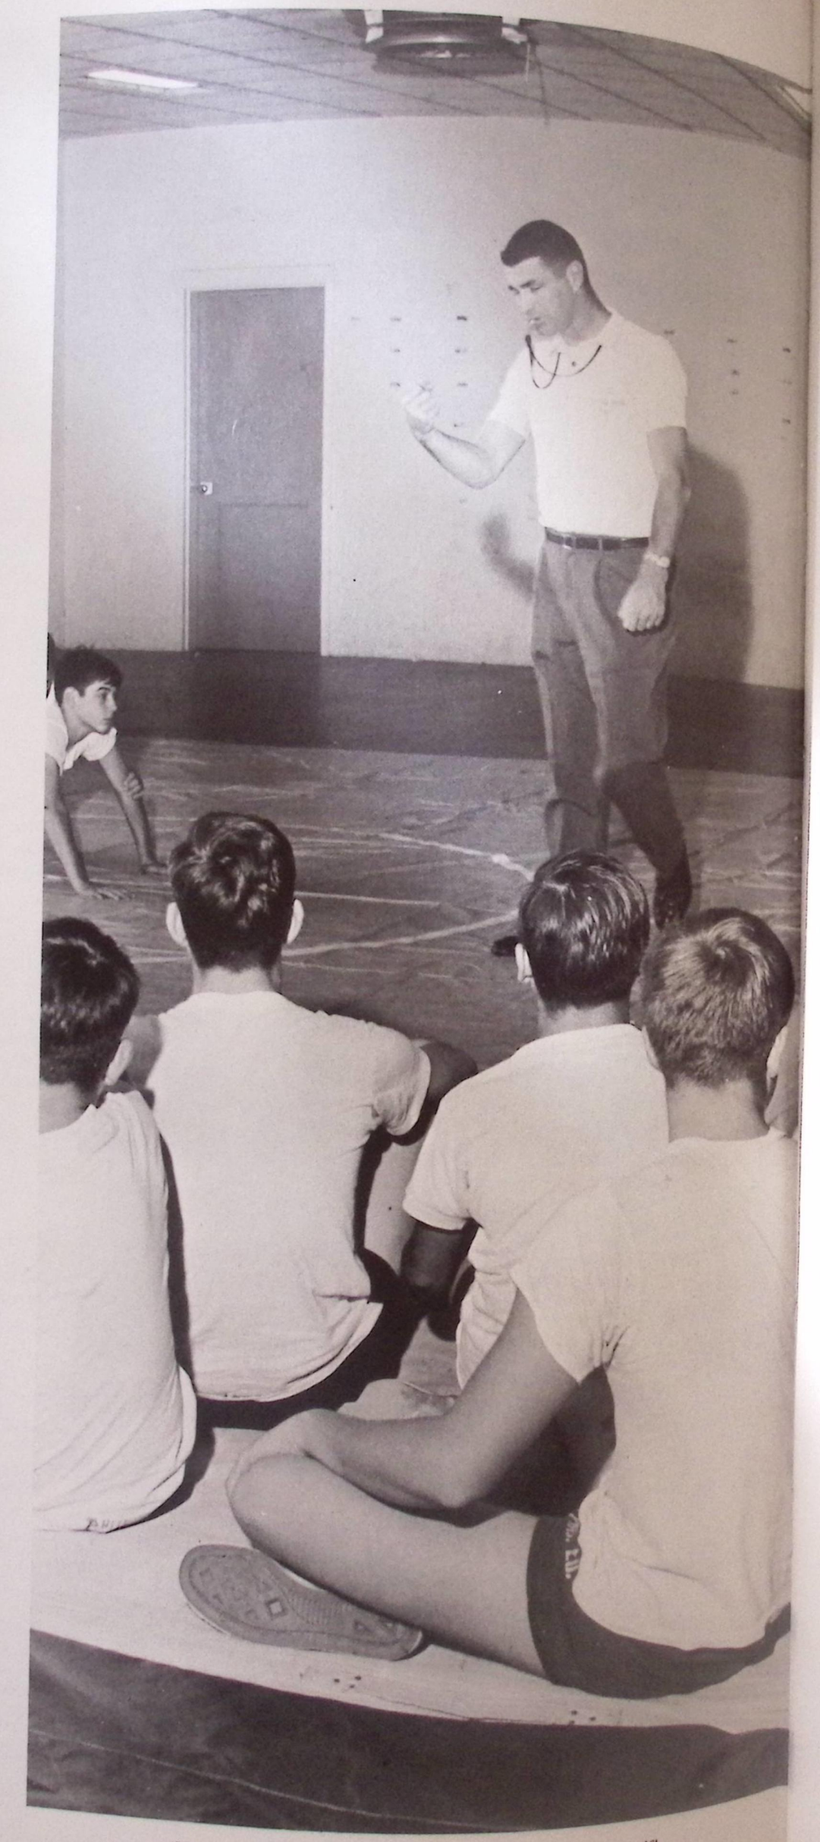
Rookie Year Introduces Change and Unity

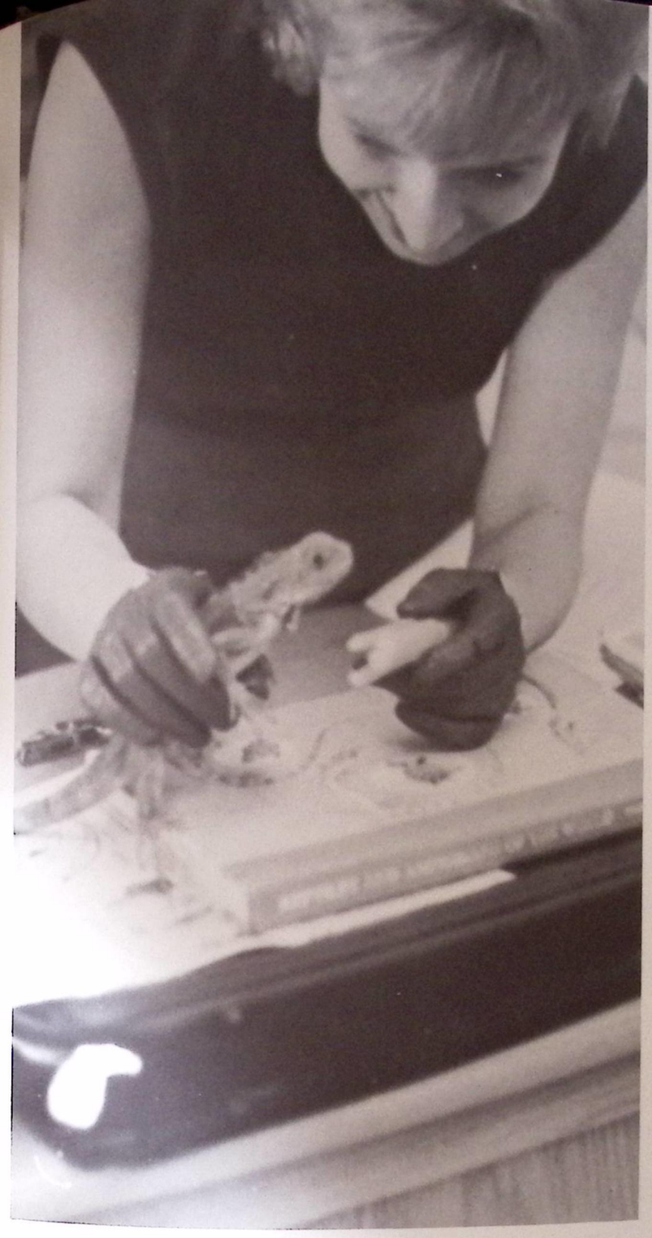


Happiness is dancing with someone you love

Oh, I just love those Sugar Crisps!

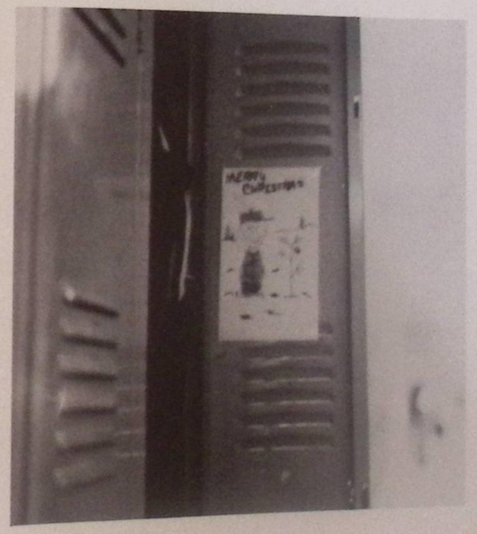


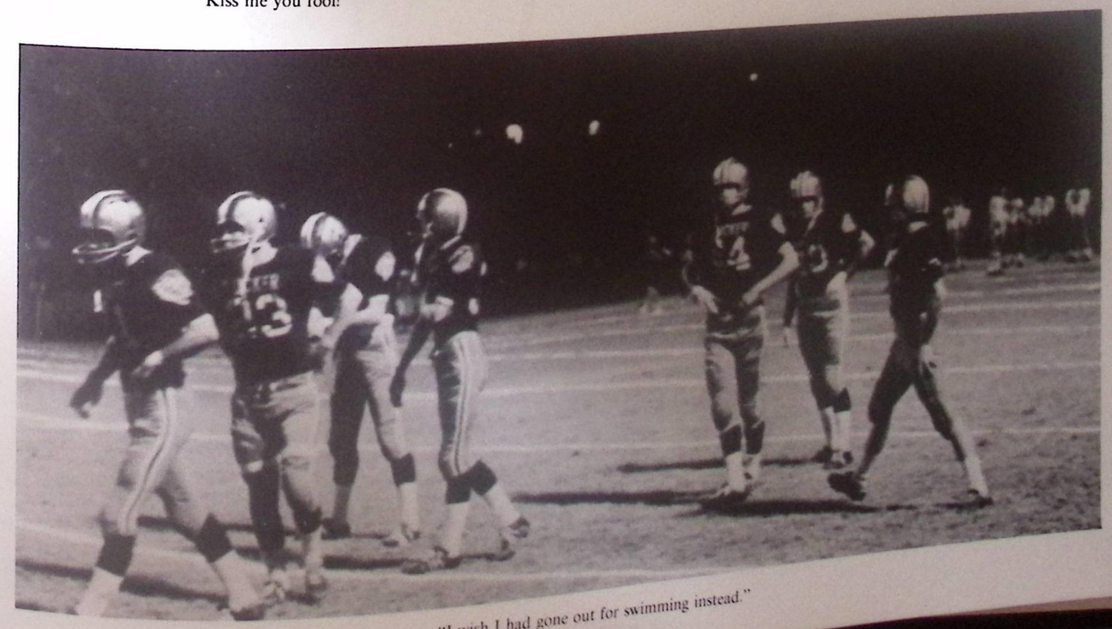
If you don't get up from there I'm going to break you in half!



Kiss me you fool!

Who opened the Fresca?





"I wish I had gone out for swimming instead."
